## CAPTAIN BEN PATTERSON

Resigned Yesterday as Master of the  
Steamer Courier and Was Presented  
With a Handsome K. of P.  
Charm By the Boat Crew.

Captain Ben Patterson resigned his  
position as Captain of the Courier yes-  
terday, after about fifteen years' serv-  
ice.

While Captain on this boat, every  
man, woman and child to whom he had  
done a kindness will regret his leav-  
ing such a responsible position.

He was always careful and cautious  
in his line of duty. His only thoughts  
were the pleasure of his passengers  
and the welfare of his boat, and leaves  
his post with many regrets to the  
traveling public.

The crew, in their appreciation of  
their association with him, presented  
him a handsome K. of P. charm.

The presentation speech was made  
by Col. Lennin Parnell, of this city,  
whose remarks were as follows:

"Capt. Patterson, of the Steamboat  
Courier, we meet here today upon an  
occasion that is sad to your comrades.  
They appreciate your value to them as  
well as to the public, and in your de-  
parting you do so leaving behind many  
regrets and sad hearts."

"About six weeks ago you joined one  
of the greatest orders in existence.

"While going through you found how  
easily a man might falter by the way-  
side; but when they saw you faltering  
they lifted you on their feet and, bid-  
ding you God speed, sent you on your  
way rejoicing. These comrades and  
crew, in their appreciation of your kind-  
ness and consideration, present to you  
this handsome charm, emblematic of the  
Order of the Knights of Pythias. Ac-  
cept from them, that you might always  
wear it and remember in so doing, that  
it is emblematic of that true brotherly  
love and affection that only those of  
the K. of P. feel toward each other."

## THEN BEING PUZZLED

be scratched his head—which was very bad manners.  
Probably his scalp was covered with dandruff—a  
little A. D. S. Shampoo would have cleaned all the dan-  
druff out of his hair. A little A. D. S. Hair Reviver  
applied and then he would forget all about the dandruff.

## A WONDERFUL EASTER BARGAIN

No matter how many clothes you own, you ought to have at least one blue serge suit. During  
our Senior's visit in New York he secured about 125 pure worsted Men's and Young Men's Suits,  
cut, made and trimmed in splendid style, in fact, made to sell for \$15. A Cash offer to a House,  
that, owing to the protracted cold weather, was overloaded, secured the lot at a price that permits  
us to sell them at \$10 "CASH." That's the way they were bought and the only way will be sold.

Read This  
Corn Raisers

In this day of progressive farming, it has become absolutely  
necessary to secure the largest possible returns from the land,  
and as corn has become the most important and valuable crop,  
special attention should be given to the selections of both the  
seed and the planter. We believe that in selling you the John Deere  
"Oblique Selection" two-horse corn planter, we are giving you the  
very best planter on the market today. "Oblique Selection" is  
the name given this perfected seed dropping device which repeated  
tests show is as far ahead of the old edge drop as the edge drop  
was ahead of the round hole plate. It takes its name from the fact  
that the surface of the hopper bottom and the openings for the  
seed cells are oblique or sloping. With the old edge drop, the  
kernels had to be tipped on edge before they could enter the cells  
at all. The weight of the corn in the hopper interfered with this  
action—consequently cut down the accuracy. The John Deere  
Planter overcomes all these old fashioned troubles, and we would  
like you to come in during this week's Opening Demonstrations  
and hear about it and see the machine. There's an expert here who  
can answer all your questions.
